

Bryan Morning Eagle.

VOL. 7; NO. 267.

BRYAN, TEXAS, WEDNESDAY MORNING, OCTOBER 15, 1902.

PRICE 5 CENTS

YOU ARE INVITED

To inspect our exhibit at Central Texas Fair, OCTOBER 14, 15, 16, 17.

Our grocery exhibit which will be in keeping with the high quality of the goods displayed will be next to door leading out of new main exhibition hall toward grand stand.

Our Red Polled Cattle will be represented by six cows and their calves—our herd bull Doctor Corporal and our imported bull calf Trimmer. Tell your friends to meet you at either of our exhibits.

INCLINED TO REJECT AGREE TO ARBITRATE

Some Miners Not in Favor of Accepting Morgan's Offer.

Operators Formulate Their Terms to End the Strike.

LEFT WITH MITCHELL DICTATE ARBITERS

Whatever the Mine Leader Will Recommend Will Be Adopted by the Union—He Is Favorable to the Operators Offer.

While They Do Not Name the Commission They Designate Certain Men to Be Selected—Mitchell Refuses to Say Anything.

Wilkesbarre, Oct. 14.—There is a large number of mine workers who favor the rejection of the operators' offer as formulated by the operators, while there are equally as many who see some good in the offer. Miners, however, have the greatest confidence in the judgment of their leader, and it is certain they will leave the matter in his hands to work out.

The best judgment of those who have been associated with President Mitchell through the strike, men who have watched his every action and talked with him privately, is that the arbitration plan is unsatisfactory to him. Owing to the tremendous pressure being brought to bear on both sides to end the conflict, it is not improbable that the miners' leader will waive his objection and advise that the proposition be accepted.

President Mitchell stated to an Associated Press representative that no settlement can be made by officers of the union without the consent of the convention.

The situation at the collieries remains unchanged with every prospect of it remaining so while the present arbitration plan is under consideration.

When the miners strike shall have been officially declared at an end the full force of 143,000 men will report for duty within twenty-four hours.

Seventy-five thousand tons of coal can be mined, it is believed, and be ready for shipment in forty-eight hours, and the amount increased to 100,000 or 125,000 tons a day at the end of a week. It can be moved to New York and other Atlantic cities in thirty-six hours from the time it is brought from the mines.

A fact that seems to indicate preparation on the part of the coal companies to transport coal in large quantities is the arrival at coal shipping centers of an increased number of cars.

Morgan Still Reluctant.

Washington, Oct. 14.—J. Pierpont Morgan and Robert S. Bacon, his partner, breakfasted at the Arlington this morning with Secretary Root. At ten o'clock Morgan and Bacon left for New York. When asked by a representative of the Associated Press whether he had anything to say, Mr. Morgan replied: "I think you have enough for one day." He declined to make any further statement. Secretary Root and Bacon also refused to discuss the situation.

DEATH OF MRS. WARD.

She Was a Belle of Kentucky and Related to Three Presidents.

New York, Oct. 14.—Mrs. Josephine Ward, a friend of Dolly Madison and of Mrs. Julia D. Grant, widow of General Grant, is dead at the home of her daughter in this city. She was nearly 80 years old.

Mrs. Ward, in her youth, was one of the belles of Kentucky. Her maiden name was Harris. Her grandfather, Gen. James Taylor of Newport, Ky., took part in the war of 1812 and loaned his large private fortune to the government.

Miss Harris was related to three presidents of the United States. She was a first cousin of James Madison and Gen. Zachary Taylor, and distantly related to Thomas Jefferson.

Between her and the beautiful Dolly Madison there was a warm friendship, and she frequently visited the home of the Madisons at Montpelier.

She was married in 1847 to Geo. W. Ward, a prominent cotton broker of New Orleans, who died in 1870.

Must Disinfect Telephones.

New York, Oct. 14.—In order to make certain that disease shall not be transmitted by means of telephones Commissioner Homer Folkes of the charities department of greater New York has issued an order that all telephones used by employees must be disinfected every week. The mouthpiece is to be unscrewed and scrubbed clean, then immersed for a few moments in an antiseptic bath.

Grant Says Samar Is Peaceful.

San Francisco, Oct. 14.—Speaking of the condition on the island of Samar, General Frederick Grant, who has just returned from the Philippines, said in an interview:

"Samar is enjoying the first period of peace it has ever known, and I am entirely satisfied the inhabitants of the island will not attempt to make any further trouble for our government."

Washington, Oct. 14.—By authority of J. Pierpont Morgan, who, with his partner, Robert Bacon, and Secretary Root, was in conference with President Roosevelt at the temporary White House Monday night for an hour and a half, a statement was given out by Secretary Cortelyou, in which the presidents of the coal carrying railroads and the mine operators propose a commission of five persons to adjust the difference and settle the coal strike in the anthracite coal fields of Pennsylvania.

The proposition is believed by the administration to be satisfactory to the miners, as it covers the proposition made by President Mitchell of the United Mine Workers union with additional conditions, which it is thought the miners will accept. The statement in substance is as follows:

The coal operators have agreed to the appointment of a commission to be appointed by the president of the United States, to whom shall be referred all questions at issue between the companies and their own employees, whether they belong to a union or not, and the decision of the commission shall be accepted by the operators. The commission is to consist of an army or navy engineer officer, an expert mining engineer not connected with the coal mining properties, one of the judges of the United States court of the Eastern district of Pennsylvania, a man of prominence as a sociologist, and a man who by active participation in mining and selling coal is familiar with the physical and commercial features of the business. The operators also make a part of their proposition that the miners shall return to work as soon as the commission is constituted and to cease all interference with non-union men. The commission is to name a date when its findings shall be effective and to govern conditions of employment between the companies and their own employees for at least three years.

While no official statement was made at the White House after the operators' offer was made public, the opinion was expressed that the way is now open for a complete settlement of the strike and that the mines would soon be in operation once more.

The issuance of the statement followed a conference at the White House which assembled very quickly after Mr. Morgan and his partner, Robert Bacon, had reached Washington on a flying trip from New York. Mr. Bacon arrived in Washington about 10 o'clock at night in a special car over the Baltimore and Ohio and drove at once to the hotel Arlington. There they met Secretary Root and the three gentlemen walked over to the White House and were shown at once to the president's room. They remained there until ten minutes of 12 o'clock and then came down stairs.

The proposition of the coal operators was a result of the visit of Secretary Root to New York and his conference with Mr. Morgan on Saturday. Mr. Morgan at that time expressed a keen interest in the situation and a desire to bring about an adjustment if possible. Following this talk with Secretary Root there was a conference in New York Monday at which the proposition of the coal operators was agreed to and Mr. Morgan was delegated to bring it to the president in the belief that such would be the courteous course of the best way of promulgating the offer of a settlement.

The next move will be the presentation of the matter to the miners, and it is believed President Mitchell will be invited to Washington to consult the president. It is believed here he will at once accept the proposition.

Refuse to Make Comment.

Wilkesbarre, Pa., Oct. 15.—President Mitchell, when shown a synopsis of the statement issued from the White House in which the operators agree to arbitrate refused to make any comment.

Using Sidewalks for Fuel.

Chicago, Oct. 14.—The prohibitive price of coal has resulted in raids being made on sidewalks and paving blocks in several sections of the city, and the police have been asked to stop the demolition. Three arrests so far have been made.

Travis Henderson for Congress.

Paris, Tex., Oct. 14.—Travis Henderson has announced as a candidate for Sheppard's place, long term. Probably half a dozen other candidates from different parts of the district will be in the van.

Shorter Hours Granted.

San Antonio, Oct. 14.—Freight handlers on the Southern Pacific road struck for shorter hours. The demand was granted, and no delay occurred.

THE CENTRAL TEXAS FAIR.

OPENS UNDER MOST FAVORABLE AUSPICES.

A MAGNIFICENT STREET PARADE.

Immense Crowds—Splendid Attractions—Exhibits—Football Game—the Races.

Perfect weather prevailed yesterday for the opening of the second annual Central Texas fair. Clouds that all day long Monday threatened to rain copiously were swept away by a brisk north wind, and crisp air and a cloudless sky were the conditions yesterday. The crowds began arriving Monday night, and yesterday morning continued to pour in from all directions until the sidewalks were a moving mass of humanity and the streets were filled with vehicles.

The street parade was formed on the streets adjacent to the courthouse at 10:30 o'clock under the direction of Grand Marshal Cliff A. Adams and his aides, and passed along Main and adjacent streets and out to the fair grounds. It was a magnificent military and civic pageant, and with the gaily decorated buildings, flags and A. and M. College colors everywhere displayed among the crowds, made a picture of most effective splendor. The order of the procession was as follows:

Grand Marshal and Staff, Fourth Infantry band, U. S. A.; 17th battery, flying artillery, U. S. A.; Texas Volunteer Guard; A. & M. College Cadet band; Corps Cadets A. & M. College, (4 companies); Students Allen Academy, (mounted); Bryan Fire Department; Floral parade; Private vehicles; Floats; Distinguished guests in carriages; Fountain's military band; Merchants' trades display.

Every feature of the parade was meritorious. The military display was imposing, the Allen Academy boys made a splendid showing and the decorated floats and

vehicles were exceedingly beautiful. The parade was carried out in perfect order, reflecting the highest credit upon the grand marshal and his aides.

The fair was formally opened with an address by Mr. A. J. Buchanan at the auditorium who welcomed the visitors and set forth in appropriate terms the purposes of the fair.

The balloon ascension had to be omitted, Sergeant Baldwin's baggage having failed to arrive in time for yesterday's exhibition.

The Fourth infantry band gave a concert in the auditorium in the morning. Music was also supplied by the Fountain band throughout the day.

The races and football game drew an immense crowd to the grand stand, and the exhibition drill by the U. S. light artillery, which closed the afternoon program, was an imposing spectacle, new to most all the spectators, and generally regarded as the best features of the day. The maneuvers were perfect and the firing made things look like real war.

The night dramatic entertainment by the Marie Fountain theatre company was well received.

There are numerous attractions on the grounds, and the exhibits are excellent. The art, textile and floral exhibits are large and highly creditable.

TODAY—RAILROAD AND PRESS DAY.

9 a. m.—Grand guard mount by Regulars, U. S. A.

10 a. m.—Championship roping contest.

11 a. m.—Band Concert, 4th Infantry Band, U. S. A.

12 Noon—Sergt. Baldwin in his balloon battle in the clouds.

2 p. m.—The Races.

5 p. m.—Exhibition drill by U. S. Infantry.

8:30 p. m. Superb dramatic performance in the Auditorium.

10:30 p. m.—The Baldwins in their daring specialty.

THE FOOTBALL GAME.

The football game between the A. and M. and Baylor University was very much a one sided affair, in favor of the A. and M., as the score, 22 to 0 shows, but the visitors offered some spirited resistance especially in the first half. Twenty minute halves were played. Baylor won the toss and chose the south goal. Most of the playing was in Baylor's territory during the first half, but they managed to protect their goal for some time. McGhee of the A. and M. made the first touch down after a forty-five yard run. Deware failed to kick goal. Time was called with the ball in the hands of the cadets and near the center of the field. The second half was a series of successes for the College eleven. Davis made a forty yard run and Hope scored a touch down after some good general team

HUNTER & ...CHATHAM.

work. Deware kicked goal. More good team work led up to another touch down by Hope. Deware missed goal. Carpenter made a twenty-five yard run and Neff got in the last touchdown, followed by a successful goal kick by Deware. After more playing without results of consequence the game closed. Scores 22 to 0 in favor of the A. & M. Several men were knocked out during the game but none seriously injured.

THE RACES.

First race, pace, 1 mile heats: Gray Fox won, Frank Chancey second, Belle third. Time 2:31.

Second race, running, half mile dash: Tom Moore won, Ardago second, Beatrice third. Time :51.

Third race, trot, half mile heats: Petitioner won, Evelyn second, Prince third. Time.

Fourth race, running pony race, quarter mile dash: Maud Connally won, White Man second, Jack Bennet third. Time, :26.

For County Commissioner.

The Eagle takes pleasure in calling the attention of the public to the announcement of Mr. G. W. Buckhaults, who is a candidate for county commissioner of Bryan precinct No. 4. Mr. Buckhaults is a native of Alabama, and came to Texas twenty years ago. He has lived most of this time in Brazos county, near Bryan, and has been engaged in farming all his life. He was never a candidate for any office before. He is a good man, well qualified for the duties of the office, and familiar with the condition and needs of the county. A careful consideration of his claims by the voters will be highly appreciated.

FRANK BERGER.

Frank Berger, the 12-year-old son of Mrs. Berger, and a brother of Henry Berger, died Sunday morning at 8:30 o'clock at his mother's home in Bryan. The funeral services were conducted from the Catholic church at 11 o'clock Monday. The family have the sympathy of all in their bereavement.

An oil strike and a coal strike are slightly different.

The Central Texas fair once more wins the bay leaves.

Schedule to change without notice. Fare 25c for round trip.

D. C. DeMaret, Agent.

Mighty Sprightly Scrapping.

All the performances in the arena of Buffalo Bill's Wild West go off with a vim, snap and energy rarely seen in public entertainments, but their sprightliest feature, in most people's estimation, is the contest between the reckless cowboys and those utterly devilish broncos. Wicked hearts in equine form never lived notwithstanding all the skill, care and toughness of the men, three or four of them are constantly on the disabled list, in consequence of injuries received in roping, saddling and riding these broncos. Buffalo Bill comes here on October 18.

CARD OF THANKS.

I desire to publicly express my thanks to the gentlemen who assisted me as aides in the parade yesterday, for the gentlemanly and prompt manner in which they discharged their duties.

MISS IDA M. SNYDER,
Treasurer of the Brooklyn East End Art Club.

MENSTRUAL irregularities are generally the beginning of a woman's troubles. With the vitality at a low ebb, the blood weakened, the digestion disordered, she goes about pale-faced, hollow-eyed and haggard, a pitiful contrast to the blooming health of her former self. But over 1,000,000 women have found health again by taking Wine of Cardui. As a regulator of the menstrual periods Wine of Cardui has never been known to fail. It has seldom failed to restore perfect health, even in the most persistent and aggravated case of weakness.

to their health we would have more happy wives, mothers and daughters, and if they would use more intelligence in the matter of medicines, observing results, they would find that the doctors' prescriptions do not perform the many cures they are given credit for.

"In consulting with my druggist he advised McElree's Wine of Cardui and Thedford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

You may secure the same relief as Miss Snyder, if you take Wine of Cardui as she took it. Thedford's Black-Draught is the companion medicine of Wine of Cardui and it is a liver and bowel regulator which assists greatly in effecting a cure. If you take these medicines according to directions, the relief and cure is simple. Some cases are cured quickly and others take longer because the disease has run longer. Remember how Miss Snyder took Wine of Cardui and has health. The same medicines are offered you to-day.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

Lots near school house at \$100 each.

Also other city property

The New Mineral Water

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

Heptol Splits

are for.

GENTLE IN ACTION,

GRATIFYING IN RESULTS.

DELICIOUSLY PALATABLE,

Heptol Splits meets the approval of all. Everyone should take Heptol Splits. Don't you be the last to try it. Sold at drug stores, soda fountains, cafes and bars at 15c a Split. Manufactured by the Morrison Drug Co., Waco, Texas.

MEANS MUCH TO TEXAS

Few Railroads Perfect Plans for Southwest Colonization.

INDEPENDENT MOVE

Santa Fe, Rock Island, Missouri Pacific and Frisco in a Deal to Induce People to Come and Settle in This Territory.

New York, Oct. 14.—The executive officials of the southwestern railroads have agreed to plans submitted to them by the general passenger agents for colonization, and they will be put into operation at once. A committee to carry out the work has been appointed, consisting of representatives of the Atchison, Rock Island, Missouri Pacific and St. Louis and San Francisco. A bureau is to be formed for the purpose of handling all matters concerning the joint movement. Appropriations have been made for its establishment and maintenance, and the organization is to run three years. The agent to have charge has been selected, but his identity is withheld for the present.

The new bureau will be entirely separate from all other passenger organizations. Homeseekers and settlers' rates, as well as the freight rates charged upon their effects, transported into the new territory, will be greatly reduced under the new plan, and every inducement will be made to attract permanent settlers into the southwest. Other measures to be adopted will further strengthen the plan which is to densify traffic, and it is believed hundreds of thousands of persons will flock to the new territory. The times are considered most opportune for the inception of such a movement.

The territory to be colonized includes Texas, Arkansas, Oklahoma and the Indian Territory and a portion of Louisiana.

Electric Line from Sherman to Waco.

Sherman, Tex., Oct. 14.—The Union Traction company of Cleveland, O., that has in operation several hundred miles of electric interurban lines in Ohio, Indiana and Michigan, is seeking investments in Texas and was represented at a meeting held in the Commercial club rooms Monday evening by F. H. Farham. The meeting meant business from the start and gave Mr. Farham an enthusiastic hearing as he submitted a proposition for a line of electric railway to be built from Sherman to Waco, via, Dallas and Waxahatchie, at a cost of \$3,000,000.

Dead Congressman's Successor.

Texarkana, Tex., Oct. 14.—Despite the fact that Congressman Sheppard has been dead only four days and his body has not yet been laid away, speculation is already rife among politicians as to who his successor will be. Prospective candidates are not wanting. A fact that is becoming to assume proportions in this regard is a pronounced effort to make Morris Sheppard, son of the late congressman, his father's successor.

Battle in Progress in Venezuela.

Willemstadt, Oct. 14.—An important engagement began Monday morning near La Victoria between the forces commanded by President Castro of Venezuela, 4100 men with 15 guns, and the revolutionary forces, commanded by Generals Matos, Mendoza, Peraloza and Riera, about 6000 men, with 22 guns. At Valencia, two hours' march from La Victoria, the sound of fierce cannonading can be heard.

Revolt in Macedonia.

London, Oct. 14.—A dispatch to the Daily Mail from Volo, Greece, says twenty-two villages in Macedonia are in complete revolt and that a battalion of Turkish troops has been annihilated by insurgents in the Krezna defile. This news, continues the dispatch, emanates from sources which have hitherto minimized the trouble. The situation, consequently appears suddenly to have grown worse.

Imported Men Return Home.

New Orleans, Oct. 14.—J. H. Eldson, the St. Louis strike breaker, against whom the strikers were so bitter and who would undoubtedly have been killed if he had fallen into their hands, was escorted to the Illinois Central depot by the police and the other St. Louis and Chicago men who were brought here with him left for their homes.

Transport Logan Arrives.

San Francisco, Oct. 14.—The transport Logan has arrived here 29 days from Manila, via Nagasaki. Brigadier General Frederick Grant is on board. The transport also brings troops of the Ninth cavalry, 185 casualties, 55 discharged soldiers, 123 sick and a number of insane soldiers.

West Appointed Commissioner.

Washington, Oct. 14.—The president has appointed Henry L. West to be commissioner of the District of Columbia to succeed the late John W. Ross. Mr. West is a well-known newspaper man of this city. For many years he has been connected with the Washington Post.

Killed His Family and Suicided.

Tracy, Minn., Oct. 14.—Ed Striker shot and killed his wife and son, seriously wounded Frank McAlister and then committed suicide. Striker and his wife have been living apart for two years.

Motorman Held Up.

Dallas, Oct. 14.—Allen Mitchell, a motorman living at 177 Willow street, was held up Monday night near the fair grounds by two men and robbed of his watch and \$18 in money.

AGAINST THE BROKERS.

Court Holds Scalpers No Right to Sell Excursion Tickets.

Washington, Oct. 14.—A decision of sweeping importance to ticket scalpers and the railroad passenger business generally was delivered by Justice Hanger of the equity court of the District of Columbia, who permanently enjoined thirty-three of the local ticket brokers from selling the Grand Army special excursion tickets issued by the Pennsylvania, Southern, Baltimore and Ohio and Chesapeake railroads. The defense of the brokers was that they were pursuing a legally licensed brokerage business, and that the railroads in combining in the establishment of a joint ticket agency here during the encampment for the vizing of return tickets, etc., violated the Sherman anti-trust law.

The court held that the tickets sold by the roads on account of the Grand Army encampment bore contracts signed by the purchasers in the presence of a witness, and were absolutely void when used by any other than the original purchasers. The tickets distinctly read that any one except the original purchaser attempting to use them would be subject to prosecution for forgery. The contract signed by the original purchaser is absolute according to the court, and any violation of it constituted fraud, on which the suit at bar for the injunction proper was based. The court declared that the contentions of the complaining roads were tenable.

ANOTHER COMPLICATION.

United States May Have to Pay for Selling the Panama Railway.

Washington, Oct. 14.—It is stated here that in the event that the Colombian government succeeds in obtaining judgment against the Panama railway company on account of its failure to carry Colombian soldiers and munitions of war, that the railway company undoubtedly would have the right of reclamation against the government of the United States as it was by orders of our naval officers that the company acted as it did. The United States would in turn look to the government of Colombia for repayment of the judgment holding that the action taken was in strict accordance with the last treaty stipulation by which the United States is bound to maintain free transit across the isthmus and the right of reclamation of the United States would be exercised.

Passenger Trains Running.

Laredo, Oct. 14.—The backbone of the strike of the Texas-Mexican and National railroad of Mexico now seems to be broken and these roads are now running regular passenger trains without any difficulty and have also handled several freight trains, although the crush of freight has by no means been cleared up.

The management of the road say it has been their intention all along to increase the salaries of the firemen, brakemen and other employees as well but are so incensed over what they term the hasty action of the firemen that they have determined never to re-employ any of the men engaged in the strike. Assistant General Manager Galbraith states that all the striking firemen have been discharged and that new men will take their places. Strikers standing firm.

Local Option in Dallas.

Dallas, Oct. 14.—A movement is on foot to have a vote on local option for Dallas county in November, and with this end in view a petition carrying a considerable number of names was presented Monday at the commissioners' court by Attorney Nat Turney and T. F. Lewis. The court will act on the petition at once.

Explosion in a Mine.

Springfield, Ill., Oct. 14.—Three men were killed, three fatally and others seriously injured in an explosion at Victor mine, Pawnee, eighteen miles from here.

NEWS IN BRIEF.

W. H. Bridges of Mount Pleasant Tex., was knocked down and robbed of \$50.

Two men and a boy broke jail at Waco, Tex., They have not been captured.

Charlie Fuls of Big Sandy, Tex. died from a shot from an unknown party at Hawkins, Tex.

Marshall, Tex., is after an oil mill to cost \$75,000.

HIDING HIS PRISONER.

Sheriff Doing All He Can to Save Buchanan from Lynching.

Nacogdoches, Tex., Oct. 14.—Officers having the negro murderer and rapist, Buchanan, in charge escaped from the mob late Monday night and have disappeared. Officers boarded the train at Tenaha and started to Nacogdoches, but left the train to make a detour, as a mob awaited them at Timpson. They are supposed to be now somewhere in the woods of Shelby county. Another mob left San Augustine, coming across the country looking for the prisoner. The whole country is aroused over the matter, and it is hardly possible that the negro will escape lynching unless the governor orders troops to protect him, and such a move will hardly do much good, as the mobs are more likely to find the officers and the prisoner than the soldiers are.

No official information has yet been sent to the governor, as the sheriff has not been long enough at any telegraph office to tell of the predicament. The crime for which Buchanan was arrested was committed last Friday night and was horrible in detail. The negro went to the home of Duncan Hicks, a farmer living twenty miles east of here, murdered Mr. Hicks and his wife, ravished and then brained their 20-year-old daughter.

The people for miles around are up in arms and nothing less than the lynching of the fiend will satisfy them.

Buchanan in Shreveport Jail.

Shreveport, La., Oct. 14.—Jim Buchanan, the negro murderer of the Hicks family at Nacogdoches, was land in Shreveport jail early this morning.

CLEVELAND ADVISES.

He Tells the Democrats What Course to Pursue to Win in the Election.

New York, Oct. 14.—In an interview published in the Evening Post former President Cleveland gives his views on the proper policy for the Democrats to pursue in the congressional and next presidential campaigns. He urges that tariff reform be made the issue, and adds:

"The resent the restlessness in Republican circles on this subject, often amounting to protests against the Republican protective theories, should warn Democracy of impending danger. I mean by this possibility our opponents may crowd us from our position on this subject if we allow them to do so by lukewarmness and indifference, and to copy our ground just as we permitted them to crowd us from the ground which belonged to us on the question of sound money. I am very much pleased with the deliverance of the New York Democracy on the tariff issue, and it was fit and proper that the Empire State should sound the right note."

He scouts the idea that no importance attaches to the Democratic control of the next house, and urged unremitting efforts to secure such a majority.

SUBJECT TO TAX.

Faith Cure Doctors Must Pay Same as Any Traveling Physicians.

Austin, Oct. 14.—Governor Sayers says that he has not been asked for assistance to protect Jim Buchanan, the negro who murdered the Hicks family near Nacogdoches last Friday.

In answer to an inquiry from the county attorney of a certain county in the state, as to whether a faith cure doctor is liable to occupation tax of a traveling physician, State Revenue Agent Cunningham held that it makes no difference whether the cures are affected by faith, suggestion or whether the cures are affected through God, a faith doctor is liable to tax as a traveling physician.

The governor has addressed a letter to the superintendents of the different institutions requesting them at once to organize a board and proceed to a thorough and exhaustive inquiry as to the best method of supplying the institutions with sufficient power and lights and water suitable for every purpose. The governor wants the investigation so as the result can be presented to the legislature for action.

Arlington Postoffice Robbed.

Fort Worth, Tex., Oct. 14.—Officers are here from Arlington and reported to Sheriff Clark that the postoffice safe in that city was robbed during Monday night of \$600. The safe was blown open with dynamite. The officers report no clew. The postoffice officials here believe the men who committed the robbery came here with Ringling's circus.

Train Held for Troops.

Constantinople, Oct. 14.—The Salonica Monastir railroad has been ordered to hold cars in readiness for the transportation of troops and military stores. A detachment of 2350 soldiers left Salonica Sunday for Dedee Agatcha, a seaport of European Turkey. A Bulgarian band was dispersed near Florina, by which seven were killed.

President Castro Surrounded.

Willemstadt, Oct. 14.—The latest news from La Victoria, where an important engagement began Monday morning between the army of President Castro and the forces commanded by revolutionary generals, state that President Castro is surrounded by the revolutionists and his position is critical.

Editor Kelly Gives Bail.

Butte, Mont., Oct. 14.—Editor J. E. Kelley who is charged with the shooting of Dr. H. A. Cayley, has been released on \$1500 bond. Kelley surrendered himself. Dr. Cayley's condition is declared to be precarious.
